

Correction sheet for the institutional curriculum 2019 for Bachelor in Innovation and Entrepreneurship

Corrected 23 October 2020 by head of programme Dorthe Bohlbro.

Commencement

This correction sheet for the institutional part of the curriculum 2019 comes into effect from 15 August 2019 and applies to students who are admitted to the programme on the stated date.

Changes to Institutional Part of the curriculum 2019

Pertaining to section 3.9. Bachelor project – 3rd semester – 15 ECTS.

The changes relate to maximum keystrokes of the bachelor project.

Original formulation:

3.9 Bachelor project – 3rd semester – 15 ECTS

Learning objectives for the exam

The learning objectives are identical to the learning objectives for the Bachelor project, which can be found in the national part of the curriculum.

The exam form and organisation including any formal requirements

The Bachelor project can be prepared individually or in a group of 2-3 students together. In all cases, the oral examination will be conducted as an individual examination.

The Bachelor Project must not exceed:

- With 1 student: 100,000 keystrokes
- With 2 students: 150,000 keystrokes
- With 3 students: 200,000 keystrokes

The number of keystrokes includes spaces, footnotes, figures and tables but does not include the front page, table of contents, bibliography and appendices. The Bachelor project's suggested requirements are detailed in a separate document, available on Study Update.

Further requirements for the Bachelor's project can be found in the national part of the curriculum.

Oral exam

Based on the written report, the student has an individual oral exam of 45 minutes' duration, including:

- 5-10 minutes presentation of the Bachelor project
- 30 minutes examination
- 5-10 min for the assessment.

Prerequisites to take the exam

All other exams on the programme must be passed before the student can do the bachelor exam.

It is a prerequisite for taking the oral exam that students confirm their co-responsibility for the preparation of the project with their signature. This happens when you upload your report to WISEflow.

Criteria for assessment and co-examiner

The exam is assessed as an overall assessment with an external co-examiner and one overall mark is given according to the Danish 7-point scale for the Bachelor project and the oral exam.

Completion of the exam

Pass / fail exams

If a student is given less than the mark 02 for the Bachelor project, it is a fail and one exam attempt will have been used.

It does not matter whether the student produced the exam alone or in groups, a fail means that a new project with a new thesis statement must be prepared.

Project not handed in/written answers

If a student does not hand-in their exam project or a written report, one exam attempt will have been used.

The student may not work further on the existing project but must prepare a new project with a new thesis statement.

Changed to:

3.9 Bachelor project – 3rd semester – 15 ECTS

Learning objectives for the exam

The learning objectives are identical to the learning objectives for the Bachelor project, which can be found in the national part of the curriculum.

The exam form and organisation including any formal requirements

The Bachelor project can be prepared individually or in a group of 2-3 students together. In all cases, the oral examination will be conducted as an individual examination.

The Bachelor Project must not exceed:

- With 1 student: 80,000 keystrokes
- With 2 students: 120,000 keystrokes
- With 3 students: 160,000 keystrokes

The number of keystrokes includes spaces, footnotes, figures and tables but does not include the front page, table of contents, bibliography and appendices. The Bachelor project's suggested requirements are detailed in a separate document, available on Study Update.

Further requirements for the Bachelor's project can be found in the national part of the curriculum.
